

# Milano Design Week 2019

Discover the newest finishes #pinkmetal #metallorosa introduced at the following events:

## Milan Design Week 2019

### SMATERIALS

11-14 April 2018

The exhibition concept is the way materials shape itself around designer's ideas and companies' know-how. The Group "Design Tessile Sistema Casa" of Confindustria Salerno is promoting and organizing this event. The concept is by the young designers Rosalba Castaldo and Carmen Di Giorgio. A sensorial tour will walk you through the exhibition and you will discover new metallic patinas.

SMATERIALS will be held at:

1. Brera Design District- Officina 22- Foro Buonaparte 22 e Via delle erbe 2 – From April the 11th to the 14th
2. Spazio Campania – Piazza Fontana – From April the 8th to April the 14th

### DESIGN FEAST

April 8th to the 14th

A true moment of connection between designers and visitors, promoting a collective and informal use of the space, creating empathic relationships between creative people, the public and the products. Fulvio Giannotti and Michele Palumbo curate the event: an ephemeral party that celebrates the design. Lamberti Design, technical partner of the Design Feast, will embellish every area of the SIAMLAB with new metallic finishes.

Distretto 5VIE - SiamLab – Via Santa Marta
